

# Here you are **Irish!**

As we celebrate our 30th anniversary, we count our blessings for the customers, neighbors and friends contributing to our success. While it is often said that everyone is Irish on St. Patrick's Day, we know the truth... **here you are Family.**

## Take a shamrock

We invite you to take a shamrock, within which seeds are embedded in the biodegradable fibers, to take home and plant. Within a few days wildflowers will sprout to brighten your day, as you have brightened ours.

 "Wherever you go and whatever you do, May the luck of the Irish be there with you."

Here you are **Family**
